

the person they think will be in there. The deadline is so close to the closing of filing and unless they've already filed, there'll be very few people that'll come in and file real late. Once in a while you do have some that will. But I would like to limit this only to counties that would apply to Douglas County, let's say over 300,000, and instead of opening it up statewide, I would so move that amendment. It only applies to counties.....

(End of Belt #5)

(Begin Belt #6)

in class of Douglas County. I'll get something.....

PRESIDENT: All right, stand by just a minute. Senator Stull, yours will have to be a separate amendment because we, just to review the condition here, we have six....LB646 on Select File with specific amendment and it was returned from Final Reading. So your motion is out of order but if you care to make a separate motion fine. We can advance the bill and then bring it back for your amendment then.

SENATOR STULL: Mr. President, members of the Legislature. I would move to advance LB646 back to E & R Engrossing.

PRESIDENT: Wait a minute, we have to take Senator Carpenter's amendment here first. We'll have to do something with that. We're still debating Senator Carpenter's amendment and then we could consider yours after we advance the bill. Bring it back if you care to do that, Senator Stull. Yes, we have to vote on the Carpenter amendment first. All right, next to speak is Senator Skarda. Senator Skarda, we're still debating the Carpenter amendment to LB646. You're passing, thank you. Senator Kime, the Carpenter amendment is all that's under discussion, on Select File. It's a specific amendment, it can't be amended.

SENATOR KIME: Well, Mr. President, members of this Body. This is my bill and it's important to me. I agreed to this amendment but if it's going to hurt the bill, it's going to kill this bill, I'm just a little bit concerned about it. I, if there's no more debate, I wish we'd vote on this amendment at the present time.

PRESIDENT: Senator Mahoney, your light is still on, I want to know....you're passing, fine. Do we have any further discussion now of the Carpenter amendment? Senator Nore.

SENATOR NORE: Mr. President and fellows members. I'm going to support the bill provided we get the Stull amendment on and I'm sure we will.

PRESIDENT: Now, any further discussion of the Carpenter amendment? Question is shall the Carpenter amendment to LB646 on Select File then be adopted? All those in favor of that amendment, vote aye. All those opposed vote no. You are voting to adopt the Carpenter amendment to LB646 from Select File. Have you all voted? Okay, I'll wait for you, Senator Fellman. Clerk will record.

CLERK: 27 ayes, 1 nay, 21 not voting.

PRESIDENT: Now, the amendment is adopted. Motion now is to advance LB646 to E & R for Engrossing. All those in favor of advancing the bill please say aye. Those opposed please
